

Al-Aqsa Flood is Alive and Continuing

News:

Mediators sign Trump's ceasefire agreement for Gaza. (October 13, 2025).

Comment:

Al-Aqsa Flood Operation was not a fleeting event that ended with the agreement of the criminal Trump and the kafir (disbelieving) state behind him, America, the official supporter of the Jewish entity. Instead, Al-Aqsa Flood was a spark that ignited in the hearts of Muslims, opening their minds and hearts. They saw the baseness and vileness of their traitorous rulers, and realized the hypocrisy of those who claim to be humanitarian, and advocate for the rights of women and children. They became certain that international laws, and conventions are nothing but a weapon used by the kafir, against Islam and Muslims.

This operation has revealed that what the kafir West fears and worries most is the Muslims going against the Western will. They have therefore worked diligently, with all their might and weapons, and with all their terror, brutality and criminality, to destroy Gaza and kill women and children in full view of the world, with one goal in mind, which to suffocate this living organ in the body of the Ummah, disregarding the principles of their own civilization, which will soon vanish, in shaa Allah.

The awakening of the Ummah terrifies the international community, and the Khilafah (Caliphate) is its main concern. The resilience, patience, and Iman in Allah (swt) demonstrated by Gaza, despite the horrors and massacres, terrifies it even more, and makes it realize that what is happening is a story of glory. Standing up to a strong force is a defining moment in the course of history.

We must fully realize that the war on Muslims will not stop, and that the kafir see no peace except in the absence of Islam. Therefore, they will work with all plans and methods to distract and frustrate us with wars, plots and conspiracies, so that we remain a torn Ummah without a resolution. The most obligatory matter today is to work diligently to rid ourselves of the international order and its tools, to disavow them, and to sacrifice in the path of unifying the Ummah, and establishing the Second Khilafah (Caliphate) on the Method of the Prophethood, which will preserve the rights of Muslims and take revenge on their enemies.
