

The Moroccan Regime Intensifies Its Treachery Amid Popular Protests

News:

On October 7th to 10th 2026, the historical Moroccan city of Marrakech is hosting the so-called “Marrakech Air Show”, an international platform for aerospace, defense and space technology, under direct patronage of the king Mohammed VI. No less than eight “Israeli” arms manufacturers as well as the “Israeli Ministry of Defense” are represented at the air show.

This comes shortly after the king’s appointment on September 29th 2026 of the first female prime minister Fatima Ezzahra El Mansouri – a staunch secularist and pro-Zionist, who is expected to spare no effort in implementing the agreement between the Moroccan regime and the Zionist entity to upgrade diplomatic ties and exchange ambassadors.

Meanwhile Security forces have been clamping down on peaceful protest across the country against the normalization with the Zionist entity.

Comment:

The entire world has witnessed the utter brutality and inhumanity of the genocidal Zionist entity and their Western backers as they have been committing continuous unprecedented crimes against men, women and children in Gaza and the rest of Palestine, especially for the past three years. Yet, the traitor-king of Morocco sees fit only to send his goons to violently crack down on the brave Muslims of Morocco who refuse to accept any normalization with the enemies of Islam and the Muslim Ummah – the mass murderers of children and occupiers of Al-Aqsa, the first Qibla.

As for these very criminals, the enemies of humanity, the corrupt Moroccan regime continues to strengthen its bonds with them and open the Islamic lands of Morocco to their corrupt influence.

The appointment of the staunch secularist, El Mansouri, as Prime Minister, is a slap in the face to the entire Muslim population of the country who are practically held hostage in a vice grip by a system that is rotted through with corruption. The 2026 parliamentary election saw the lowest turnout for almost 20 years with the participation of only 22% of eligible voters, further underscoring the complete lack of popular trust in the system.

El Mansouri has previously highlighted her secular mindset, stating in an interview that Morocco’s “*Political affairs have **no relation with religion***”. Furthermore, she is known to nurture warm relations with openly Zionist Jews in Morocco.

Yet, the corruption is not merely systematic nor a matter of individual treacherous politicians or royals. Rather it is a **systemic** corruption stemming from the fact that the Moroccan political system, royal house and parliament alike, is both in its foundations and details in direct opposition to Islam, which has deep roots in the hearts of the Muslims of Morocco. This system is a relic of the colonial era, still functioning by serving Western colonialist interests while oppressing and neglecting the Muslim people.

It is long overdue that the Muslim Ummah, including the honorable Muslims of Morocco, work to rid our lands of these corrupt systems and traitors in power who bring us nothing but shame and humiliation, and re-establish the Khilafah Rashidah (Rightly-Guided Caliphate) in their stead to implement the merciful and just system of Islam, unite the Muslim Ummah, and liberate all of Palestine and every occupied Muslim land.
