### Traitors in Military and Political Leadership Ready to Accept Indian Regional Dominance

On Monday 18th August, India called off foreign secretary-level bilateral talks with Pakistan following criticism of Pakistani High Commissioner Abdul Basit's meeting with Kashmiri leaders, exposing the agenda of all future talks between India and Pakistan, without mention of the Indian occupation of Kashmir.

India under Modi's government is continuously accusing Pakistan of interference in its internal matter and raising it on all forums, however the rulers of Pakistan in subservience to their master, the US, are incapable of delivering an equivalent response, rather they adopt a weak stance. The weak stance of the Raheel-Nawaz regime against India was visible during his meeting with Modi for an hour and a half during which Modi told him that: "Pakistan must prevent militants from using its soil to attack India and punish the perpetrators of the attack on Mumbai in 2008". (Reuters, 27/05/2014) Nawaz Sharif weakly told reporters that he "held a warm and cordial bilateral meeting with Modi" and ended visit without meeting Kashmiri leaders or giving any statement regarding the occupation of Kashmir.

Also, the Indian Army Chief, on his first day in office, remarked on the beheading incident of an Indian soldier on the Line of Control between India and Pakistan, "I can tell you that our response to any such act will be more than adequate in future. It will be intense and immediate." Despite such a provocative statement, Pakistan returned the soldiers to the Indian border security guard caught in the border area with Pakistan, whilst India sensing the weakness in stance of the Pakistani leadership, returned the beheaded body of a Pakistani villager the next day.

This subservience of US by its agents in the Pakistani military and political leadership is more than evident. In an article in the *Dawn* Newspaper dated 19th October 2011, Maj-Gen Nadeem commented that India's cold start doctrine had added to the threats confronting Pakistan. He said seven out of nine Indian commands and three strike corps were along the border with Pakistan. Eighty-one per cent of forward and main operating bases were positioned against Pakistan. He complained that, "We cannot base our strategies on any good intentions, no matter how noble they may be, as intentions can change overnight... Our strategy has to be based on India's capability." Yet, on the other hand only weeks after General Nadeem's statement, traitors in the military leadership removed India as its number one threat. The hypocrisy of these traitors rulers is reflected in the Quran, **﴿وَإِذَا لَفُوا الَّذِينَ آمَنُوا قَالُوا آمَنَّا وَإِذَا خَلَوْا إِلَىٰ شَيَاطِينِهِمْ قَالُوا إِنَّا مَعَكُمْ إِنَّمَا نَحْنُ مُسْتَهْزِئُونَ \* اللَّهُ يَسْتَهْزِئُ بِهِمْ وَيَمُدُّهُمْ فِي طُغْيَانِهِمْ يَعْمَهُونَ \* أُولَٰئِكَ الَّذِينَ اشْتَرَوُا الضَّلَالَةَ بِالْهُدَىٰ فَمَا رَبِحَتْ تِجَارَتُهُمْ وَمَا كَانُوا مُهْتَدِينَ﴾** "And when they meet those who believe, they say, "We believe"; but when they are alone with their evil ones, they say, "Indeed, we are with you; we were only mockers." [But] Allah mocks them and prolongs them in their transgression [while] they wander blindly. Those are the ones who have purchased error [in exchange] for guidance, so their transaction has brought no profit, nor were they guided." [Al-Baqarah: 14-16]

This treachery is because the regime's master, America, is exploiting Pakistan to win over India to its sphere of influence, with the promises of: the permanent burial of the Kashmir issue, enhancing India's presence in Afghanistan, strengthening India's economy by gaining access to Pakistan's huge market and the reduction of Pakistan's military capabilities,

including nuclear weapons. And the traitors in Pakistan's military and political leadership are more than ready, as always, to work according to this American plan. They do not care about weakening Pakistan in front of India. Only Pakistan under the shade of Khilafah can bring back the right of ruling in the Indian Subcontinent back to Islam and Muslims, as Muslims have ruled India for more than 1000 years in the past. Allah (swt) said, **﴿وَلَنْ يَجْعَلَ اللَّهُ لِلْكَافِرِينَ عَلَى الْمُؤْمِنِينَ سَبِيلًا﴾** **“And never will Allah give the disbelievers over the believers a way [to overcome them].”** [An-Nisa: 41].

### **Armed Forces' Role is to Abolish Democracy and Establish Khilafah, not Exercise Restraint to Perpetuate the Kufr System**

As the protesters marched on to the Constitution Avenue on Tuesday 19 August, the army urged both the government and the protesting political parties to exercise restraint and find a way out of the crisis through dialogue. “Situation requires patience, wisdom and sagacity from all stakeholders to resolve prevailing impasse through meaningful dialogue in larger national and public interest,” military spokesman Maj Gen Asim Bajwa said in a late night statement. The army chief, General Raheel, asked the prime minister during their meeting in the day to show “flexibility” on the demands made by PTI and PAT and avoid using force against the protesters.

In nearly seventy years since Pakistan's establishment, the role of the armed forces regarding the ruling system in Pakistan is to permit Democracy or Dictatorship. It is an open secret that the armed forces are the source of change in the country and this is not a surprise for Muslims who are aware of their Deen either. It is known from the methodology of RasulAllah (saw) that he (saw) secured the material support from the men of arms in his time, the noble Ansaar (ra) of Madinah. Before that in his search for seeking Nussrah, RasulAllah (saw) ascertained the strength and capability of each armed force that he approached, before accepting the Nussrah. Today, Pakistan's armed forces are more than capable to ensure that Pakistan becomes the starting point for the Khilafah, en route to the grand unification of the vast Muslim Lands as a single powerful state. It is upon the armed forces to ensure that their capability is used on the side of Islam, rather than being exploited by the West to perpetuate the rule of Kufr in Pakistan.

### **America Directs Pakistan through Agents in the Military and Political Leadership**

The State Department in a daily briefing in Washington on 21 August denied interference in Pakistan's affairs. State Department's deputy spokesperson Marie Harf said, "We are in no way involved in the process or the discussion between the parties. Any suggestion to the contrary is completely false." However, in the same conference she conceded that US Ambassador to Pakistan Olson "meets quite frequently with a range of officials, and I believe that's where the contact has occurred". Indeed, the US Ambassador, Senators, Congressmen, intelligence and military officials have regular contact with the political and military leadership in Pakistan. This is how they groom and guide agents to secure their interests, including a permanent presence in Afghanistan, after a partial withdrawal.

America is an open enemy, whose occupation of our region has been crippled by its own cowardly troops, collapsing economy and separation from its victims by vast oceans. America could not have any way over the believers, were it not for such contact with its puppets. It is through such contact it is able to launch invasions, secure its occupation and then seeks legitimacy for its permanent stay within the region, through negotiations. It is through such

contact that the Muslims have suffered with the loss of tens of thousands of their civilians, armed forces as well as billions of dollars of losses to their economy. This is on top of what American Raymond Davis mercenaries perpetrate of target killings and bombings, as well as what the American tool, the IMF, has done to destroy our economy.

To end this puppet show, Pakistan's armed must uproot the puppets and grant the Nussrah for the Khilafah. Protesting to these shameless puppets about meeting their puppet masters is like shouting at the wooden puppet that neither hears nor feels. Rather than protesting, each and every one of us must demand from our relatives and friends in our armed forces that they work with 000 000 for the return of the Khilafah to this region. It is only the Khilafah that will close the embassies, consulates and bases of the Americans and colonialists. It will expel all the crusader officials and bring to trial any ruler who maintains contact with the enemy. ﴿يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَتَّخِذُوا عَدُوِّي وَعَدُوَّكُمْ أَوْلِيَاءَ تُلْفُونَ إِلَيْهِمْ بِالْمُودَةِ وَقَدْ كَفَرُوا بِمَا جَاءَكُمْ﴾  
**"O you who believe! Choose not My enemies who are your enemies as friends showing them affection even when they disbelieve in that truth that has come to you"**  
[Surah Mumtahina 60:1]

### **The Fundamental Question Is Not Who Will Rule, but by What Will They Rule?**

On Sunday 24 August, rumors circulated the cities that the Prime Minister, Nawaz Sharif is resigning, followed by a denial by Shahbaz Sharif, the PM's brother and Chief Minister of Punjab. Some parties aligned with the government, some with the opposition and yet others warned of a third force, the armed forces, intervening. There are calls for re-elections, electoral reforms and resignations from the assemblies. However, the current political drama has tired the people, bored them and left them behind. They can see that whatever musical chairs occurs, their affairs will be grossly neglected. The current crisis has not been able to generate genuine interest and participation amongst the masses because none of the parties are bringing anything that will change the status quo. Despite their disagreements they are all backing current man-made laws, Democracy and a constitution for democracy.

The Khilafah will naturally encourage participation from the Muslims of Pakistan, because it implements a system and constitution which is according to their dearest possession, Islam. As for the assemblies, the elected members of the Council of the Ummah provide a vital means of ensuring that Sovereignty is for Allah (swt) alone. It is consulted by the Khalifah on various issues including the appointment of Governors and assistants. As mentioned in 000 000's **Introduction to the Constitution of the Islamic State**, Article 105, "The individuals who represent the Muslims' views to the *Khalifah* are the *Ummah* Council, and the individuals who represent the people in the provinces are the Provincial Councils. It is permitted for non-Muslims to be members in the *Shura* council for the sake of raising any complaints against any oppression by the rulers or misapplication of the laws of Islam." And as for the political parties, they are based on Islam and are a valuable another of source of guidance for the people and accountability for the Khalifah. In the **Introduction to the Constitution of the Islamic State**, Article 21, it is stated "The Muslims have the right to establish political parties in order to account the rulers or to reach the rule through the *Ummah* on the condition that their basis is the Islamic '*Aqeedah* and that the rules they adopt are *Shari'ah* rules. The formation of a party does not require any permission. Any group formed on an un-Islamic basis is prohibited."
